OCTOBER 2019

What is a Land Use Plan?

It is an overarching planning document that describes the manner in which conservation, development, and redevelopment may be achieved in a manner that contributes to the cultural, economic, and environmental well-being of Spuzzum First Nation.

Our Land Use Plan will help us to:

- Define the long-term goals and vision of Spuzzum First Nation Lands;
- Establish land use designations that will help to guide future growth;
- Protect, preserve, and enhance cultural and environmental features; and
- Serve as a basis for policies, regulations, and decisions related to land use on Spuzzum First Nation Lands.

Join us for our Land Use Planning Kick Off Meeting!
October 30th, 2019
Dinner starts at 4 pm
Spuzzum Band Office
36500 Main Road

Stay tuned for details on an upcoming Community Open House!

Key to the Land Use Plan success is your input and knowledge!

We will be engaging Spuzzum members and seeking your knowledge and input in a variety of ways including:

- Open Houses and Activities;
- Meetings;
- Questionnaires; and/or
- Focus Group Meetings.

Our partner

We have partnered with a team of land use planning professionals from Dillon Consulting Limited (Dillon) to help us create our Land Use Plan.
